SPEED QUEEN MULTI-HOUSING

QUANTUM® GOLD and MICRO DISPLAY CONTROL II COMMERCIAL SINGLE TUMBLE DRYER ST025

Built for Reliable Performance

Our single pocket tumble dryers are designed with fewer moving parts, so that you'll face fewer maintenance problems and less wear and tear.

- Feature an axial airflow process that ensures heated air comes in contact with load at the optimum time in tumble process
- High-performance burners ignite instantly, providing the desired temperature quickly and distributing heat evenly and efficiently
- Extra-large stainless steel doors and heavy-duty hinges ensure these machines will stand up to repeated use of high-traffic vended laundries.
- Feature an all-belt drive system, which means they're less noisy and less expensive to maintain
- Fine mesh lint screen is self-cleaning, depositing lint into a large storage area for easy, once-per-day removal

Quantum[®] Gold

Cutting edge Quantum[®] Control system from Speed Queen[®] gives you the freedom to manage laundry your way and the power to achieve unmatched levels of revenue. This revolutionary technology provides users with more cycle choices than ever, offers unprecedented options to help lower operating costs and incorporates tools and options to increase revenue.

MDC II

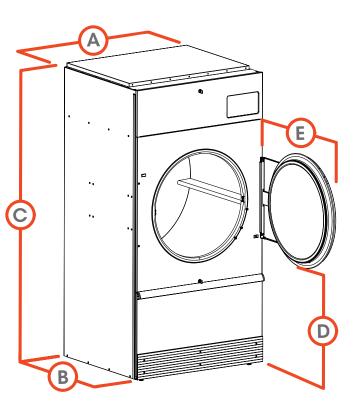

Our Micro-Display Control II (MDC II) clearly displays the vend price and keeps customers informed throughout the drying process with cycle status lights and a digital cycle countdown. MDC II offers four cycle selections and basic audit features.
